Note your decision on the appropriate box.

☐ **Approved**

All changes apply.

☐ **Approved in Part**

Specify below which changes do not apply.

☒ **Denied**

State the reasons for denial below.

**Comments:**

A digital-to-analog converter is not the same device as an analog-to-digital converter. Therefore, the requested correction changes the scope of the claims. If they were the same device, there would be no need for the correction. A reissue application must be employed as the vehicle to "correct" the patent.
